CAREER SUMMARY

B.Tech Data Science student (2023–2027) at Vignan Institute of Information Technology with 5 completed internships in Data Science, Machine Learning, and Analytics. Built and deployed projects including an AI-powered LMS (Note-AI, live on Vercel), a resume-JD matching tool (Streamlit), and ML classification models, using Python, SQL, Power BI, and React.

SKILLS

Programming: Python, SQL, C, JavaScript, HTML, React

ML & Data: Supervised Learning, Classification, Regression, PCA, EDA

Libraries: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, Streamlit

Tools: Power BI, Excel, Git/GitHub, Jupyter Notebook

Dev & Deployment: VS Code, GitHub, Vercel, Streamlit Cloud

PROJECTS

Note-AI (LMS-AI) — *JavaScript, React, Python, Node.js*

- AI-powered Learning Management System offering personalized learning paths, automated quiz generation, progress tracking, and intelligent recommendations; live at note-ai-1.vercel.app.

Resume Skill Gap Analyzer — *Python, Streamlit, NLP*

- Built a web app that parses resumes and job descriptions to identify missing skills and compute a match percentage.

Forest Fire Intensity Classification — *Python, Scikit-learn, Pandas, Matplotlib*

- Compared Decision Tree and Random Forest models to predict fire intensity on the Brazil Amazon dataset.

Student Performance EDA — *Python, Pandas, Seaborn, Matplotlib*

- Uncovered academic and social performance trends through exploratory data analysis and visualization.

INTERNSHIP EXPERIENCE

AI Engineer Intern | Symbiosys Technologies

Visakhapatnam | May – Jun 2026

- Completed a 6-week internship project as an AI Engineer, demonstrating strong analytical and technical skills.

Data Science Industrial Intern | Edu-versity (SunAmps Energy Pvt. Ltd.)

Remote | Feb – Apr 2026

- Completed a 3-month industrial internship program in Data Science (Certificate ID: EDU10951).

Machine Learning Intern | Future Interns

Remote | Mar – Apr 2026

- Built supervised learning models — regression, classification, PCA — using Pandas, NumPy, and Matplotlib.

Data Analytics Intern | CodeAlpha

Remote | Jun – Jul 2025

- Performed exploratory data analysis and built visualizations on structured datasets using Python, Pandas, and Excel.

AI-ML Virtual Intern | EduSkills — Google for Developers

Remote | Oct – Dec 2024

- Trained and evaluated ML models over a 10-week program using Python, NumPy, Pandas, and Scikit-learn.

EDUCATION

B.Tech, Computer Science (Data Science)

2023 – 2027

Vignan Institute of Information Technology, Duvvada

Intermediate (MPC)

Sri Chaitanya Junior College, Anakapalle

CERTIFICATIONS

- NPTEL Elite Certification – Cloud Computing & Distributed Systems, IIT Kanpur (76%), 2026
- Deloitte Data Analytics Job Simulation, Forage, 2026
- Power BI for Beginners, Microsoft / Simplilearn, 2026
- TCS MasterCraft DataPlus, TCS, 2026
