Timmarajupeta, Munagapaka, Visakhapatnam, Andhra Pradesh – 531033

CAREER OBJECTIVE

Passionate Data Science student with a strong base in data analytics, machine learning, and artificial intelligence. Skilled in Python, SQL, Power BI, data visualization, and ML techniques. Through internships and academic projects, I have built dashboards, predictive models, and data-driven solutions. Seeking entry-level opportunities to contribute to innovative, data-driven decision-making.

INTERNSHIP EXPERIENCE

- Edu-versity** (SunAmps Energy Pvt. Ltd.) – *Data Science Industrial Intern* Remote | Feb – Apr 2026
- Completed 3-month Industrial Internship Program in Data Science; Certificate ID: **EDU10951**.
- Future Interns** – *Machine Learning Intern* Remote | Mar – Apr 2026
- Applied supervised learning: regression, classification, PCA; data analysis with Pandas, NumPy, Matplotlib.
- CodeAlpha** – *Data Analytics Intern* Remote | June – July 2025
- Analyzed datasets with Python, Pandas, Excel; visualizations with Matplotlib and Seaborn; EDA on structured data.
- EduSkills** – **Google for Developers** – *AI-ML Virtual Intern* Remote | Oct – Dec 2024
- 10-week internship; built ML models using Python, NumPy, Pandas, Scikit-learn; model training and evaluation.

PROJECTS

- Resume Skill Gap Analyzer** | *Python, Streamlit, NLP*
Web app parsing resumes and job descriptions to identify missing skills, calculate match %, and display results.
- Forest Fire Intensity Classification** | *Python, Scikit-learn, Pandas, Matplotlib*
Classification on Brazil Amazon dataset predicting fire intensity; compared Decision Tree vs. Random Forest.
- Student Performance EDA** | *Python, Pandas, Seaborn, Matplotlib*
EDA on student performance dataset uncovering academic and social trends via rich visualizations.
- Internship Review Page Website** | *HTML, CSS, JavaScript, Node.js, Express, MongoDB*
Full-stack app for sharing internship reviews; RESTful backend with Node.js/Express and MongoDB.

EDUCATION

- B.Tech – CSE (Data Science)**, Vignan Institute of Information Technology, Duvvada 2023 – 2027
- Intermediate (MPC)**, Sri Chaitanya Junior College, Anakapalle
- School (SSC)**, DAV Public School, Anakapalle

SKILLS

- Programming** Python, C, SQL, HTML, JavaScript
- ML / Data** Supervised Learning, Classification, Regression, PCA, EDA, Statistical Methods
- Libraries** Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Streamlit, TensorFlow.js
- Tools** Power BI, Excel, Jupyter Notebook, Git, GitHub, Google Sheets
- Web Dev** Node.js, Express.js, MongoDB
- Soft Skills** Teamwork, Problem-solving, Communication, Quick Learner

CERTIFICATIONS

- NPTEL Elite – Cloud Computing & Distributed Systems, IIT Kanpur (76%) | Jan–Mar 2026 Claude Code in Action, Anthropic | Mar 2026 Deloitte Data Analytics Job Simulation, Forage | Mar 2026
- CS250: Python for Data Science, Saylor Academy | Mar 2026 Power BI for Beginners, Microsoft/Simplilearn | Feb 2026 TCS MasterCraft DataPlus, TCS | Feb 2026
- Edu-versity Industrial Internship – Data Science (EDU10951) | CodeAlpha Internship (2025) | EduSkills Google AI-ML (Dec 2024)
- Cisco: Python Essentials-1, JavaScript Essentials-1, HTML Essentials

LANGUAGES

- English (Fluent) | Telugu (Native) | German (Beginner)
